

Quack! - An English Paper Pieced Duck

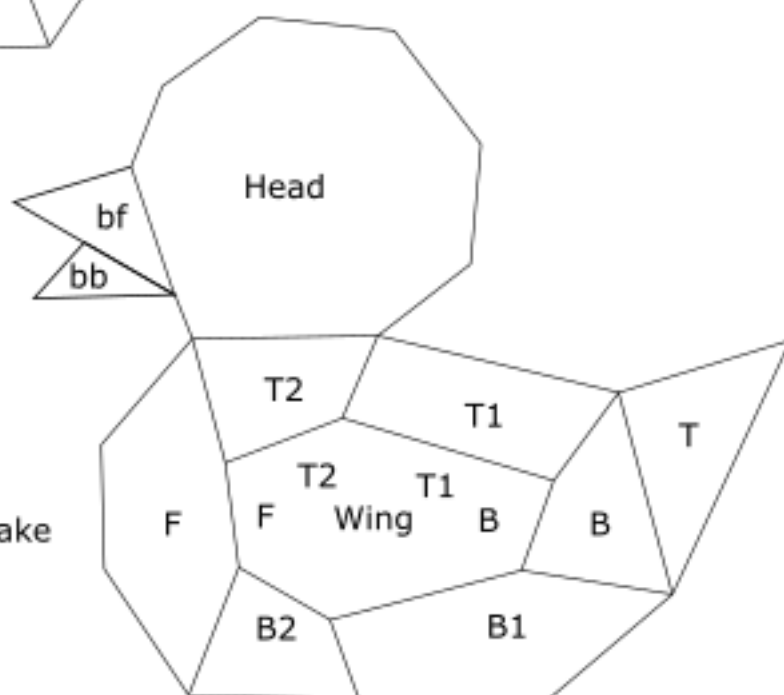

(this version finishes at 4" wide)

Using this template will make a left facing duck

Using this template will make a right facing duck

Pattern Notes

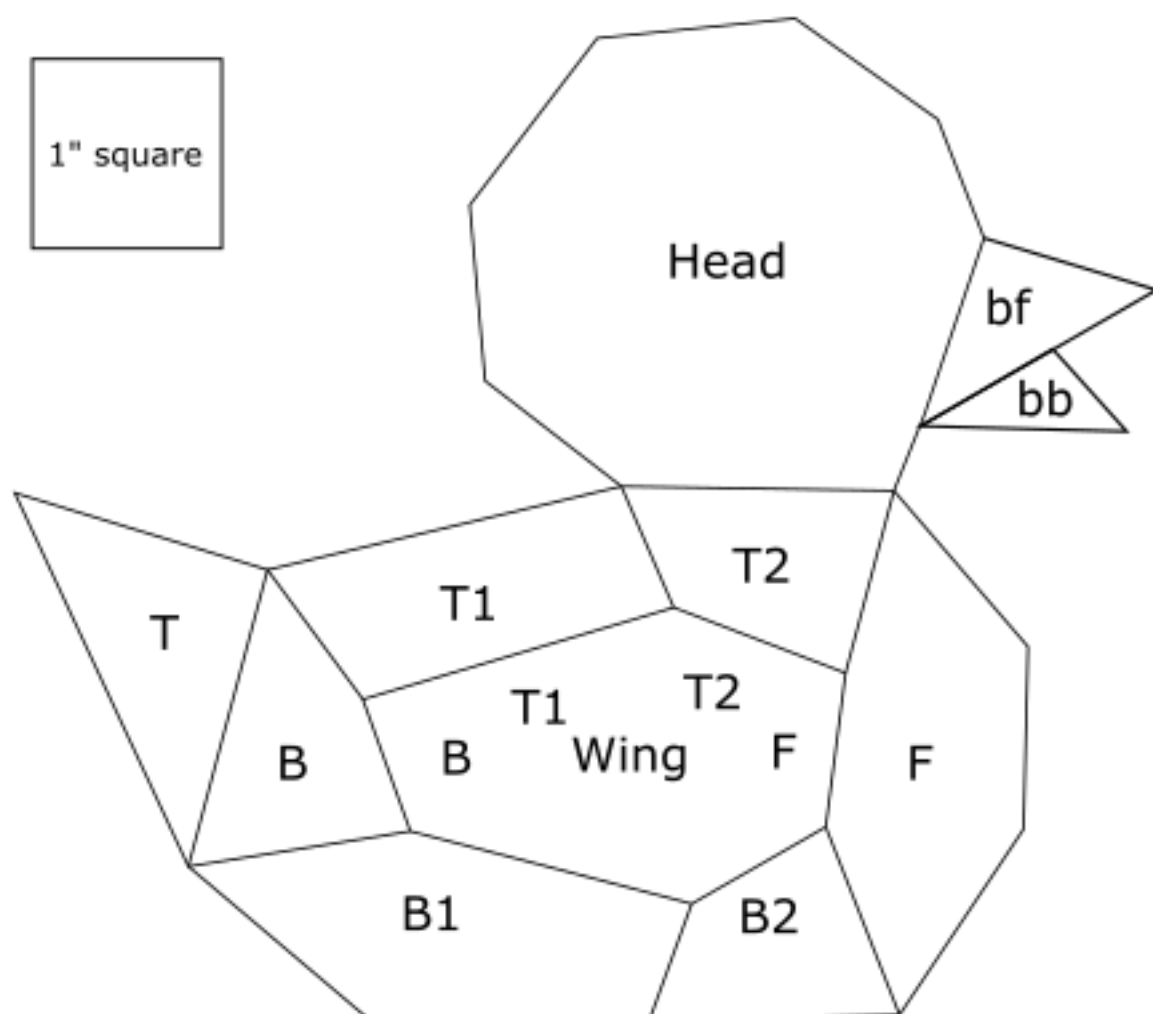

Please select the print to "Actual size" option in your printer settings to ensure the 1" square above, and thus your pattern, prints to the correct size.

The pattern pieces above should all be cut out along the solid lines. The individual pieces are all marked with letters. These markings should help with the cutting of fabric, the basting process and with the piecing of the individual blocks.

Please ensure you always keep the markings on the papers facing you when the papers are placed against the wrong side of the fabrics you are using.

Quack! - An English Paper Pieced Duck

(this version finishes at 6" wide and will be left facing)

Pattern Notes

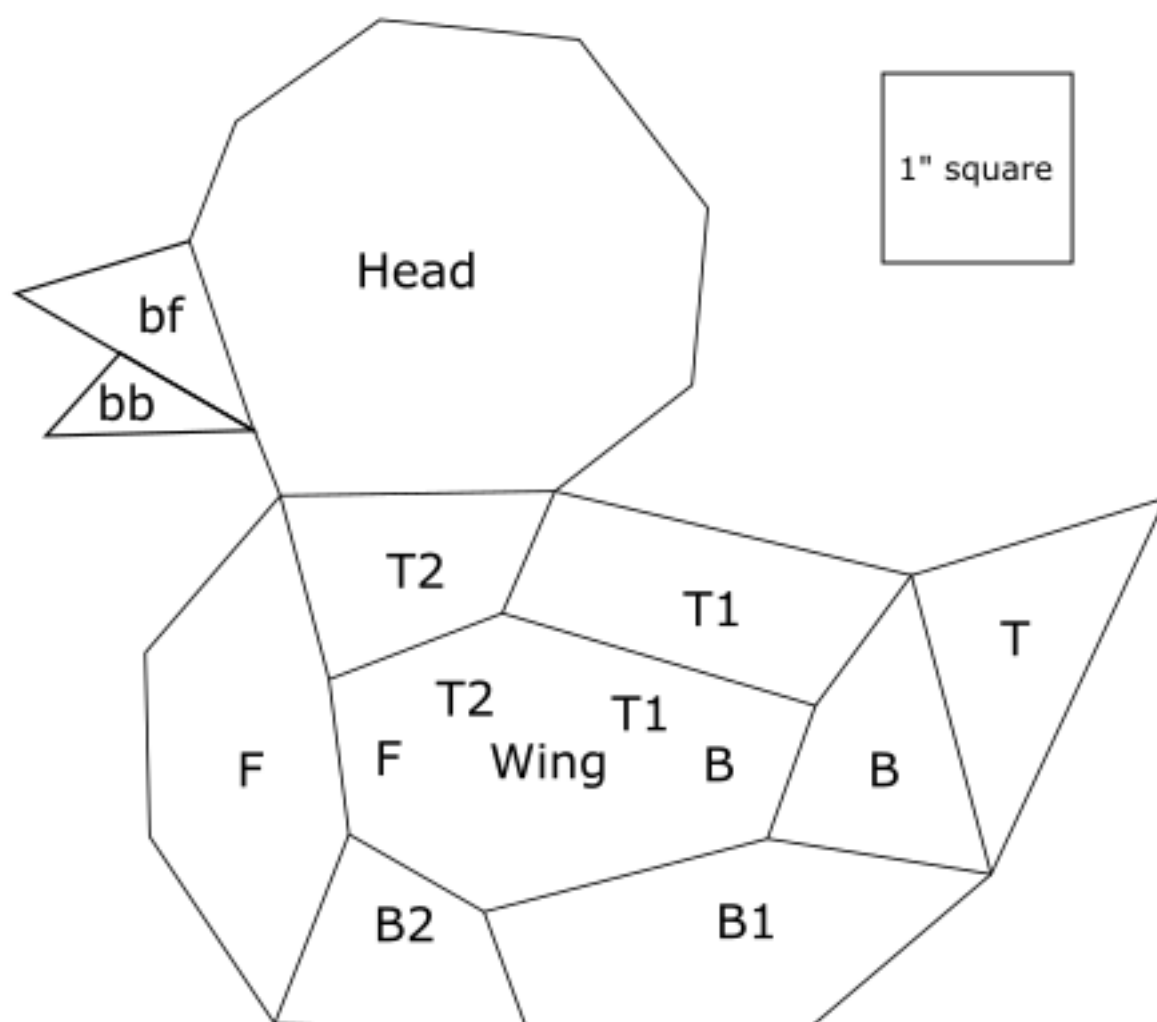

Please select the print to "Actual size" option in your printer settings to ensure the 1" square above, and thus your pattern, prints to the correct size.
