

## Countdown Quilt Blocks 1 and 2.

Both blocks use the same pattern so please print 2 copies of this page if making both.

Block 1

Block 2

### Pattern Notes

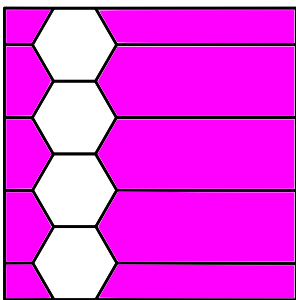

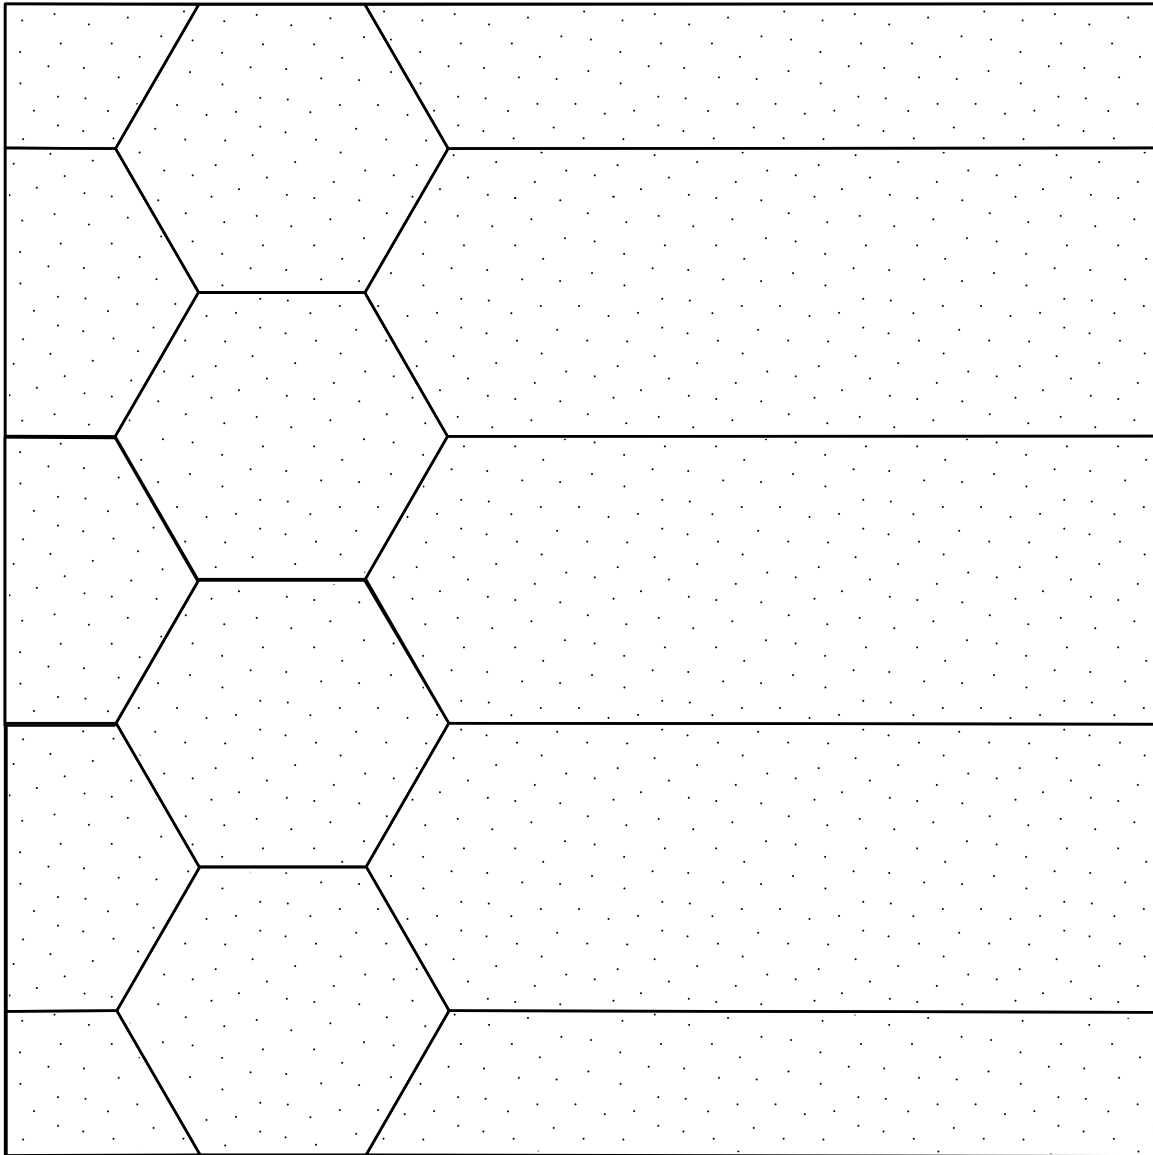

Please select the print to "Actual size" option in your printer settings to ensure the 1" square below, and thus your pattern, prints to the correct size.

The pattern pieces above should all be cut out along the solid lines. The individual pieces are all marked with light dotting, and in some cases directional arrows. These marking should help with the cutting of fabric, the basting process and with the piecing of the individual blocks.

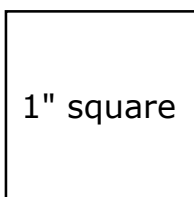

Please ensure you always keep the markings on the papers facing you when the papers are placed against the wrong side of the fabrics you are using.

1" square

## Countdown Quilt Blocks 3 and 4.

Block 3

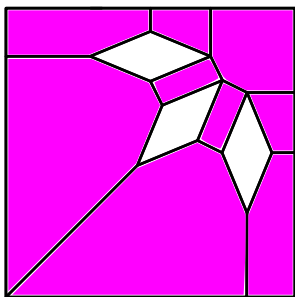

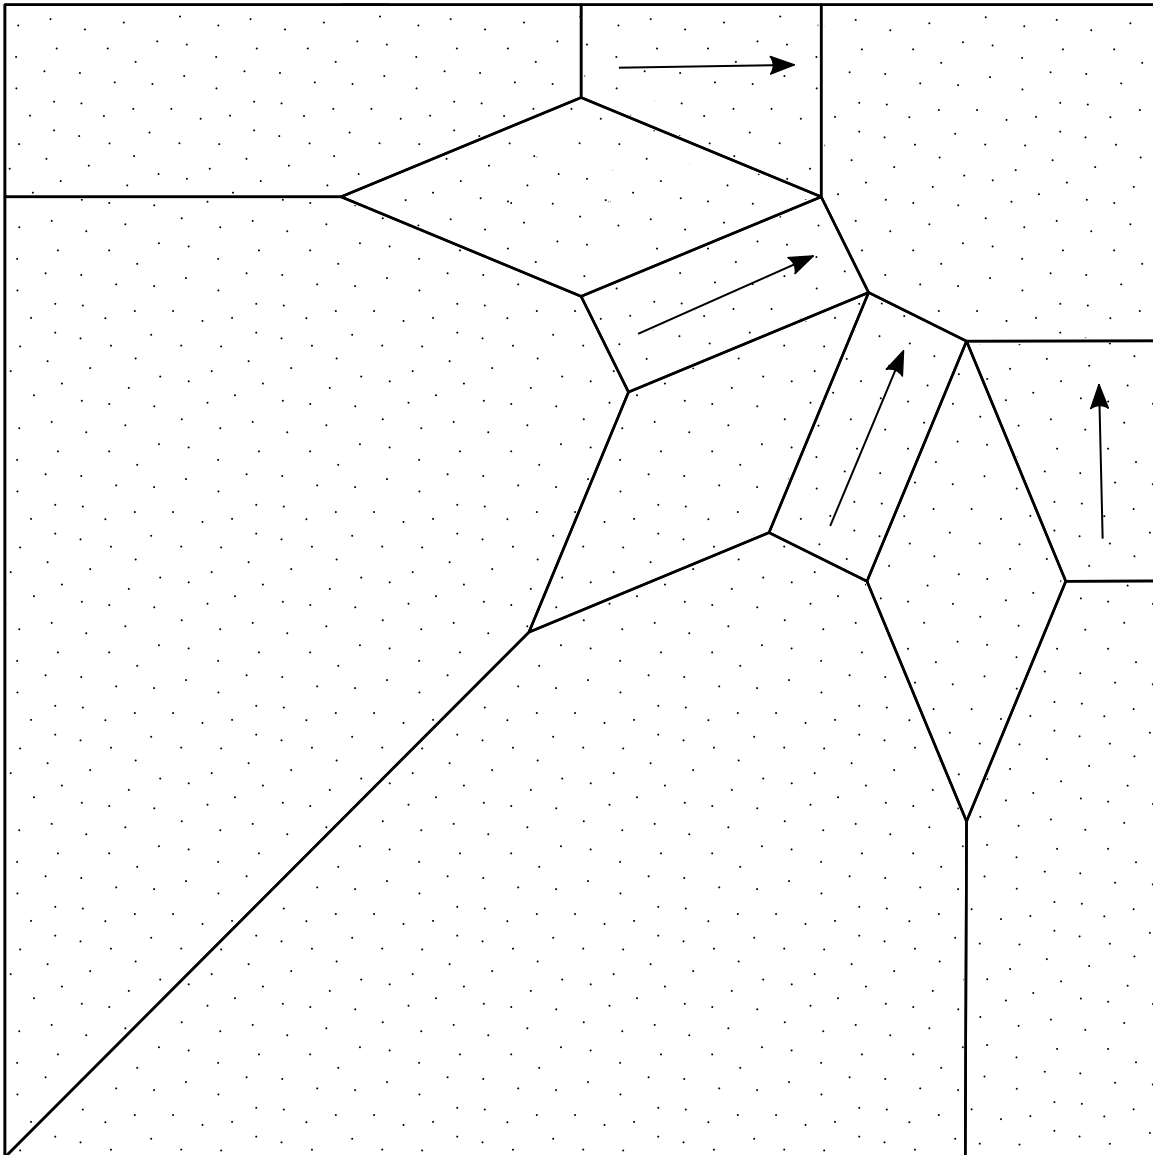

### Pattern Notes

Please select the print to "Actual size" option in your printer settings to ensure the 1" square below, and thus your pattern, prints to the correct size.

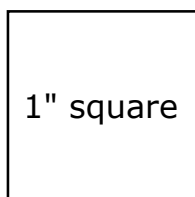

The pattern pieces above should all be cut out along the solid lines. The individual pieces are all marked with light dotting, and in some cases directional arrows. These marking should help with the cutting of fabric, the basting process and with the piecing of the individual blocks.

Please ensure you always keep the markings on the papers facing you when the papers are placed against the wrong side of the fabrics you are using.

## Countdown Quilt Blocks 3 and 4.
