

Countdown Quilt Block 51

Block 51

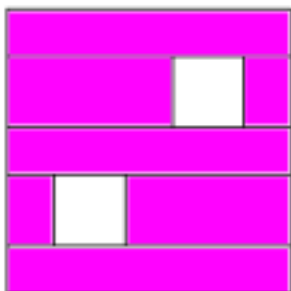

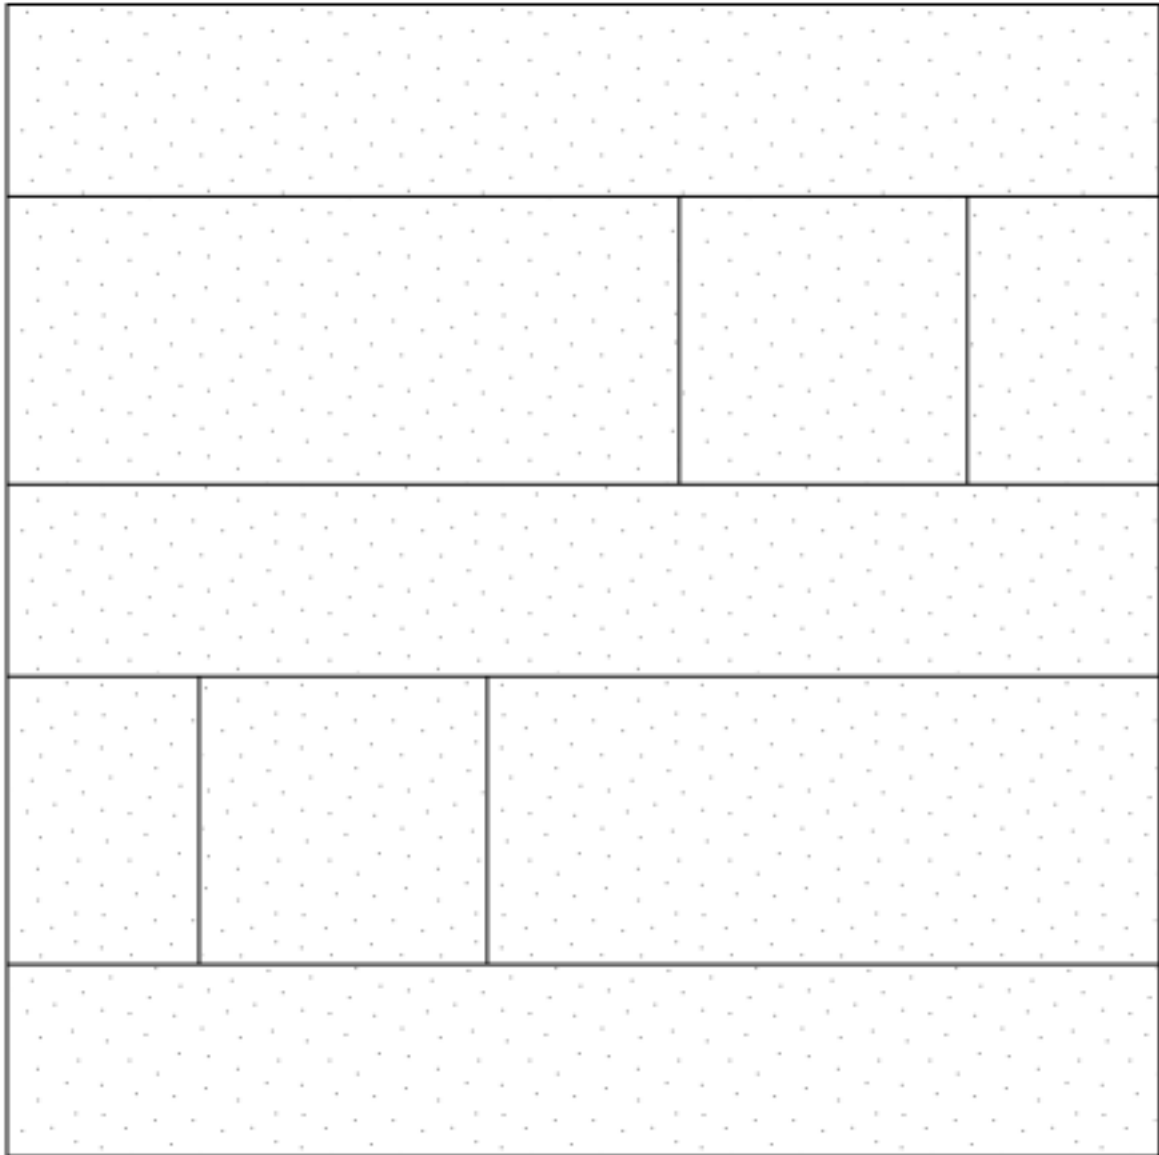

Pattern Notes

Please select the print to "Actual size" option in your printer settings to ensure the 1" square below, and thus your pattern, prints to the correct size.

The pattern pieces above should all be cut out along the solid lines. The individual pieces are all marked with light dotting, and in some cases numbers and/or directional arrows. These markings should help with the cutting of fabric, the basting process and with the piecing of the individual blocks.

Please ensure you always keep the markings on the papers facing you when the papers are placed against the wrong side of the fabrics you are using.

Countdown Quilt Block 52

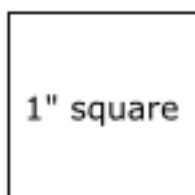

Block 52
